5 The present grant of a L.A of 1/5th of his Grade pay is itself a very Special Consideration.

6. Sub for orders. If the duties PRW 30.7.14 of the Chief Accountant are so responsible that a 2nd Grade accountant cannot be expected to perform them satisfactorily, the best thing to be done will be to appoint a 1st Grade accountant or a higher officer for the place and not to increase the allowances of the present accountant by a disproportionately large amount. If he is a specially brilliant official encouragement should be given to him not by the grant of special allowances but by rapid promotion to higher posts. The grant of huge allowances is financially objectionable

Hon SW 12/8/14 7. The Comparison with the pay of Accts in British India is scarcely fair. If the Comparison is pushed forward it may be said that Prices have also gone up. There is no reason why we should specially make the Chief Acctt Temp 1st Grade 140-10-200 Free from a local allce of Rs 50 & omit the Corp

The local allowance of 1/5 th of the pay the Accountant draws seems to have greater bearing on the conditions of the locality wherein he works than on the responsibilities of his office. The maximum pay of his grade is Rs 130 thence 1/5 th of the same is Rs 26 (p.m.) An addition of Rs 24 p.m. for the responsibilities of the office may be sanctioned, if deemed fit, making the total local allowance Rs 50 p.m. as recommended by the Secy PW 2 9. Rs 100 p.m., recommended by the Comptroller would be out of all proportion to the grade pay of the Asst. vs Rs 105-5-130. Does not arise

To

D.M. Narasinga Rao Esq., B.A.,B.L.,
Secretary to the Government of Mysore,
General & Revenue Department,
BANGALORE.

Sir,

I have the honor to represent the need for increasing the emoluments of the Chief Accountant of the Cauvery Reservoir Works. The present incumbent is Mr. C. Rajagopala Iyengar. He is now an Accountant of the 2nd grade on Rs.105--5--130 and gets a local allowance of 1/5th of his pay. His present pay is Rs.120/- and including the local allowance, the total emoluments come to Rs.144/- and when he reaches the maximum pay of his grade which will be two years hence, he will receive Rs.156/- as pay plus local allowance.

2. I beg leave to state that this is a very inadequate remuneration for the very arduous duties which the Chief Accountant has to perform. The project is the biggest undertaken in Mysore and is one of the largest works in India. The maintenance of the accounts of such a project is a very heavy responsibility and the work is of a very taxing nature.. The Chief Accountant has to supervise

supervise and control the work of five accountants and be responsible for the accounts of the whole project. The salary allowed to him should be befitting his position as the head of a large accounts staff and as the adviser in account matters of the large executive staff employed on the project. He has besides to perform the duties of the Manager of the Superintending Engineer's Office in respect of the two Channel Divisions attached to the Cauvery Reservoir Works and this again adds to his work.

3. The present incumbent has had much experience of departmental accounts, having worked for a number of years as the Accountant of the Marikanave Reservoir Construction Division and it is for that reason he has been specially selected for the very responsible charge of the Senior Accountant of the Cauvery Reservoir Works. On more than one occasion during inspections I was personally favourably impressed with his grasp of accounts matters and the Deputy Comptroller has also formed a high opinion of the Accountant's work after scrutinizing it in some detail.

4. In view of all the circumstances stated above I strongly recommend that the Government may be pleased to grant him a local allowance of Rs.100/- in addition to his grade pay. All Engineer officers including even Sub Assistant Engineers posted for work at Kannambady are given an allowance of Rs.100/- and the grant of the same allowance to the Chief Accountant of the project is, I venture to think, not more than what the magnitude of the accounts work and the consequent responsibility of the position of the Senior Accountant require. In British India, an Accountant of the first grade would be posted for

such a charge and he would draw about Rs.450/- per month. The total emoluments proposed for the --- Chief Accountant come to only about half that --- amount. I request that the allowance of Rs.100/- per mensem recommended may be sanctioned with effect from 1st January 1914 in lieu of the local allowance of 1/5th of the pay which the accountant is already drawing.

I have the honor to be,

Sir,

Your most obedient servant,
